

Safety Data Sheet

Reference No. 1011

Issue: 6th October 1995
Revision: 1st June 2021

1. Chemical product and company identification

Product name	PACKTEST Nickel PACKTEST Economy Package Nickel	Model	WAK-Ni KR-Ni
Company name	KYORITSU CHEMICAL-CHECK Lab., Corp.		
Address	1-18-2 Hakusan, Midori-ku, Yokohama, Kanagawa 226-0006, JAPAN		
Tel	+81-45-482-6937		
Fax	+81-45-507-3418		
Dept. in charge	Sales Department		

Recommended uses and restrictions Reagent for water quality measurement

2. Hazards identification

Most important hazards information: Irritation

Its effects: Harmful if inhaled or ingested. Contact with eyes, skin and mucous causes irritation.

Long-term exposure may cause discomfort feeling, nausea or headache.

[GHS Classification]

Physical hazards:	Classification not possible (no data for GHS classification available)
Health hazards:	Not classified or classification not possible (no data for GHS classification available)
Environmental hazards:	Classification not possible (no data for GHS classification available)

[GHS labeling elements]

None

[Signal word]

None

[Hazard statements]

None

[Precautionary statements]

Keep out of reach of children and store in the dry and dark place at room temperature.

Carefully read instructions before use and do not use for other purposes.

Wear personal protective equipment if necessary.

Do not inhale reagent.

Wash contaminated clothing.

Wash hands thoroughly before and after handling.

Avoid release to the environment.

3. Composition/ information on ingredients

Discrimination of single substance or mixture: Mixture

Reagent name	K-1 reagent		
	Chemical name	Other (not regulated)	Polyethylene
Content	< 1%	< 15%	> 84%
Chemical formula	(CH ₃) ₂ C ₂ (NOH) ₂	-	(C ₂ H ₄) _n
METI No. (Reference number under CSCL in Japan)	(2)-541	-	(6)-1
CAS No.	95-45-4	-	9002-88-4

4. First-aid measures

If reagents or test solutions;

- Enter in eyes: Immediately rinse thoroughly.
- Contact with skin: Immediately wash out contaminated site with plenty of water.
- Enter into mouth: Immediately rinse mouth with plenty of water.

If ingested or in case any symptoms appear after above measures, immediately get medical advice or treatment.

5. Fire-fighting measures

- Extinguishing methods: Cut off ignition sources and extinct by a suitable media.
- Suitable extinguishing media: Water (mist), powder, carbon dioxide and dry sand.

6. Accidental release measures

- In case of outdoor use: avoid spill of reagent or waste solution.
- In case of indoor use: if spilled on a table or floor, wipe off immediately spilled reagent and dispose of them.

7. Handling and storage

- Handling: Care should be made so that reagents will not contact with eyes or skin and to avoid inhalation. Especially for outdoor use, ensure to bring back reagents, waste solutions after the measurement and used containers.
- Storage: Avoid direct sunlight and store in a well-ventilated, dry and dark place at room temperature.

8. Exposure controls and personal protection

- Administrative control level
- Working environment standard: Not established

- Occupational exposure limits
- Japan Society for Occupational health: Not established
- ACGIH (TLVs): Not established
- OSHA (PEL): Not established

- Protective equipment: Recommended to wear protective glasses and gloves

9. Physical and chemical properties

- Physical state: Tube containing powder reagent
 - 1.2 g x 50 tubes/kit (5 tubes per one aluminum laminated packaging) (WAK-Ni)
 - 1.2 g x 150 tubes/kit (same as above) (KR-Ni)
- Color: White (powder), semi-transparent (polyethylene tube)
- Odor: No odor
- pH: 8

Melting point, boiling point, flash point, ignition point, lower explosion limit, vapor pressure, density, relative density, solubility, LogPow, kinetic viscosity: not available as a mixture.

10. Stability and reactivity

- Avoid leaving in a place where high temperature, humid or under direct sunlight.
- Stable under normal use conditions and no dangerous reactions under specific conditions are expected.
- No information on hazardous decomposition product is available.

11. Toxicological information

No data on mixture is available. Data on each substance are shown.

Dimethylglyoxime:

Acute toxicity: Oral: Rat $LDL_0 = 250$ mg/kg
Other data: Not available

Polyethylene:

Acute toxicity: Oral: Rat $LD_{50} > 7,950$ mg/kg (used 7,950 mg/kg for the calculation of ATEmix below)
Carcinogenicity: IARC Group 3 (not classifiable as to carcinogenicity to humans).
Other data: Not available

GHS classifications as a mixture are shown below.

[Acute toxicity (oral)], [Serious eye damage/ eye irritation], [Acute toxicity (dermal)],
[Skin corrosion/ irritation], [Respiratory or skin sensitization], [Germ cell mutagenicity], [Carcinogenicity],
[Reproductive toxicity], [Specific target organ toxicity (single exposure)],
[Specific target organ toxicity (repeated exposure)], [Aspiration hazard]
Not classified or classifications are not possible because of data lack.

12. Ecological information

No data on mixture is available. Data on each substance are shown.

Dimethylglyoxime, Polyethylene: No eco-toxicological information available.

GHS classifications as a mixture are shown below.

[Hazardous to the aquatic environment, short-term (acute)],
[Hazardous to the aquatic environment, long-term (chronic)]

Classifications are not possible because of data lack.

[Harmful effects on the ozone layer]:

Classification is not possible because each of the substances is not described in Annex to Montreal Protocol.

13. Disposal considerations

Liquid waste contains ca. 9 mg of ammonium-nitrogen per measurement.

Always dispose of in accordance with local regulations.

14. Transport information

In addition to precautionary measures regarding handling and storage, avoid rough handling so as not to break containers. It is recommended to ship by air because under high temperature for long period may lead to deterioration.

UN classification and number: Not applicable

Civil Aeronautics Act: Not applicable

Fire Service Act: Not applicable

Total weight of the product: ca.140 g/kit (WAK-Ni)
ca.350 g/kit (KR-Ni)

15. Regulatory information

Poisonous and Deleterious Substances Control Act: Not applicable

PRTR Act: Not applicable

Industrial Safety and Health Act: Not applicable

Water Pollution Control Act: Applicable

Waste solution after measurement contains ammonium compound.

: "Cabinet Order set forth in Item (26) of Article 2".

Sewerage Act: Applicable

Waste solution after measurement contains ammonium compound.

: "Cabinet Order set forth in Item (1) of Article 9-5".
